**DR. JHONNY
SALOMON**

Plastic surgeon /
Dr. Jhonny Salomon Plastic
Surgery and Med Spa

AGE: 44

HOW HE MADE HIS MARK ON MIAMI: “Providing a comprehensive approach to plastic surgery and adding a wellness component to our practice. In cosmetic surgery, as in all forms of fine art, it is essential to pay attention to detail and to have an artistic vision—it is this perfect marriage of science and art that I strive to bring into every procedure, whether complex or simple.”

LATEST PROJECT: Development of laser and wellness center in his Coral Gables office, Dr. Jhonny Salomon Plastic Surgery and Med Spa, which is a state-of-the-art center where they perform procedures including facelifts, breast augmentation, nose surgery, liposuction and more. Nutrition and wellness services, including nutrition counseling, are also offered.

GREATEST ACHIEVEMENT THUS FAR: Being named Best of Miami 2008: Physicians & Surgeons, by the U.S. Local Business Association.

DREAM STILL UNREALIZED: “Living well and looking great—a philosophy, a concept and possibly a show.”
