Plastic Surgery & Med Spa

Spring 2009

GRAND OPENING!

Celine Arvesu & Jennifer Cervera

Jeanette Fernandez & Nora Tenorio

Silvia & Jose Boschetti

Marysol Patton & Dr. Jhonny Salomon

Models

Dr. Jhonny Salomon and all the socialites of Miami celebrated his new 7500 square foot facility in the heart of Coral Gables, FL. Upon arrival guests were shocked by the "Pink" Carpet filled with Miami's best and paparazzi. "The night was a success," says Dr. Salomon as he enjoyed the evening's beauty.

Pink champagne floated and "spatinis" were green with envy as they represented the Med Spa's signature color, Bamboo Green. Beautiful models stood tall on pedestals dressed in only a white simple sheet; the hors d'oeuvres were elegant and diverse as a tribute to Miami's many cultures and true class. The guests conversed amongst Fine Italian furniture, International Art and Life Style Sculptures. As the stunning chandeliers sparkled, guests viewed and enjoyed the innovative and creative vision of Dr. Salomon. "His artistic vision is what makes him different from other Plastic Surgeons", says a VIP patient.

Dr. Jhonny Salomon, a board certified surgeon has been in practice for over 10 years in the Miami area. His facility offers several modern examination rooms, Zen inspired relaxation areas and two operating rooms over looking South Miami and Coral Gables.

DrJHONNYSALOMON
Plastic Surgery & Med Spa

The Med Spa has a holistic approach with Nutrition and Acupuncture. Patients also enjoy massage services, *VelaShape*™, Aesthetician treatments and the best in hair and cosmetic lasers.

Introducing "Latisse™"

The first FDA approved prescription treatment for growing eyelashes

We're always happy to share with our patients and their families some very carefully selected beauty products that will enhance your appearance without compromising your health. In fact, Latisse™ actually works with your eyelashes natural growth and regeneration cycle.

Latisse solution treats eyelash hypotrichosis – which is the medical term for having inadequate or not enough eyelashes. It is believed to affect the growth (anagen) phase of the eyelash hair cycle in two ways: first it increases the length of the anagen phase (so you can

quickly grow longer lashes); and second, it increases the number of hairs in this growth phase.

This is a very gentle product that's been extensively tested by ophthalmologists and dermatologists, is hypoallergenic, safe for sensitive eyes, and safe for contact lens wearers. If you'd like to learn more about Latisse, please don't hesitate to ask – or simply drop in to our office. We make sure that any products we endorse and provide to our patients meet the highest standards of quality and effectiveness.

Latisse™
(bimatoprost ophthalmic solution) 0.03%

Marlene: "Latisse worked a miracle for me! I had small eyelashes and two weeks later the results were amazing, I couldn't believe the length and fullness of my lashes." "Latisse is a product I will definitely continue to use."

Stephanie: "I have always wanted longer and thicker lashes. After two weeks of using Latisse, my lashes were full and long without putting on any mascara!" "Latisse made my own lashes grow, and I felt more beautiful, natural."

Nora: "Latisse made my lashes full and rich. I have the appearance of mascara, naturally."

Wellness Approach To Living Great!

Acupuncture

Chinese Medicine and Acupuncture has been a healing method since its formal first discovery recorded in China between 300 B.C. and 100 B.C. We are pleased to offer as part of our dedication to our patients’ whole body health the traditional Chinese Acupuncture to achieve a more holistic approach to Facial Rejuvenation, Weight Loss, Women’s and Men’s Health, Relaxation, and Pain Management.

Nutritional Department

Dr. Salomon’s Med Spa encourages a “lifestyle” that heals from within. The Med Spa offers Nutrition consultation and packages to educate you. Laura Leiseca, BS is a familiar face around town. Her 15 years of training in high end facilities have made her develop programs that cater to every individual and being a mother of two shows her daily challenges that we are all faced with.

Together with nutritional consults and wellness packages, we offer two nutrition meetings during your *VelaShape™* treatments. In addition, learn what your body is telling you. *FOOD ALLERGY TESTING* is the latest in Nutrition! Have your results in 72 hours and discover what the hidden intolerances are in your system.

To make an appointment with Laura or any other Med Spa treatment, please contact us: (305) 270-7991

Laser Hair Removal

Goodbye shaving, plucking and waxing! Dr. Salomon's Med Spa offers the best in Laser Hair Removal. The Med Spa uses The "GentleLase™" Laser by Candela. This is the most Gentle of Lasers. In order to compliment the GentleLase Laser, The Med Spa is lead by the two best specialists.

Loris Torres has over seven years of experience in Laser industry and over 20 years of practice in the hair removal field. Her quick style is virtually pain free and has accumulated over thousands of patients. Her reputation has followed her and has been labeled "The Laser Queen."

For decades, Marie Aguilar has been a top specialist with electrolysis and a leader with Laser. Marie's detailed approach is indefinable and her patients love her special touch.

Schedule a complimentary appointment today and receive 10% off your first session.
